Catalog

Fuchsias . . .

We maintain growing plants of all our Fuchsias for display purposes and our garden is a riot of color all during the summer and fall. The public is cordially invited to enjoy this display and here you may see the Fuchsias grown in the various forms; trailing in hanging pots, trained to tree form, and also espaliered. Each year we hold a Fuchsia Show at the Nursery open to the public when Fuchsias are at the height of bloom. This generally occurs in early September and at this time a preview is given of new varieties to appear the following spring. Keep this period in mind as we have thousands of people who eagerly look forward to this occasion.

CULTURE—Fuchsias love the shade and moisture and for this reason are well adapted for the shady side of buildings where they give a wealth of bloom. They respond to a rich soil and applications of well rotted manure is advocated with additional feedings of more concentrated plant food. They will not stand an outside temperature below 20 degrees Fahrenheit.

PRICE—Price of all plants except where noted otherwise is as follows:

From 4-inch pots, 50c each.

Many varieties in larger sizes from \$1.00 up.

Trailing varieties in 10-inch hanging pots, \$3.00 up.

New Introductions in hanging pots at \$4.00 up.

SUBSTITUTIONS—When ordering by mail it would be wise to list a few substitute varieties in case certain ones ordered are out of stock. Otherwise we will use our discretion in making substitutions.

SALES TAX—All orders in California carry a 3% Sales Tax and should be added to remittance sent. Orders shipped outside of California are not subject to this tax.

SHIPPING—We prepay all cash orders over \$4.00 in California. Outside of California, shipping charges are to be paid by purchaser. Such orders will be sent charges collect if payment does not cover. For instance, four plants from four-inch pots will weigh three pounds packed for shipment and for each plant over four add one-half pound and rates from the different zones may be computed.

SAMPLE SHIPMENT—A Special Offer of 12 plants, all named and different, for \$5.00. Postpaid west of the Rockies. Add \$1.00 for shipment east of Rockies.

50 Plants, all named and different, for \$15.00. East of the Rockies add \$3.50. Postpaid.

SPECIAL NOTE—See Page 23 for Azalea listing.

1952

Fuchsia Introductions

BACHELOR GIRL (Schmidt-Tiret)—Trailing double pale mallow with green tipped white sepals flushed palest pink inside. A sport of Bewitched. \$1.00 each.

BLOOMER GIRL (Muriel Waltz)—Double bell shaped flowers in a natural trailer. Pleated petals of palest pink veined carmine. Short tube and sepals of bright carmine. Extra good hanger. \$1.00 each.

BLOSSOM TIME (Tiret)—Large single best displayed as trailer with soft pink petals with white tube and beautiful long curved upturned sepals. \$1.00 each.

BRIDESMAID (Tiret)—Patent applied for. Double corolla of pale lilac orchid deepening toward edges. White tube and sepals with light carmine blush. Strong upright bushy grower. \$1.00 each.

BUNKER BOY (Tiret)—Double corolla of long fluted petals near white at base shading to geranium lake at edges. White flushed pale carmine tube and sepals. Strong upright grower. \$1.00 each.

CHERIE (Hodges)—Single corolla with blue purple petals near white at base are veined and roll in at the edges. Long broad rose-red upturned sepals. Medium upright grower. \$1.00 each.

COUNTRY COUSIN (Hodges)—Another one of the Hodges large open flowered singles of rich violet purple petals near white at base and heavily veined flesh color. Deep red tube and upturned sepals. Medium upright grower. \$1.00 each.

DOROTHY LOUISE (Schnabel)—A new pale pink double of perfect form. Self color with sepals and corolla of light Neyron rose. \$1.00 each.

FANTASY (Muriel Waltz)—A semi-double open flat flower of fair large purple petals pale orchid pink at center with smaller petals between, mostly pink shading purple at edges. Sepals and tube white flushed pink. Good upright grower. \$1.00 each.

FLORADORA (Muriel Waltz)—Double corolla of deep violet flushed rose at base. Thick ruffled petals open into compact flowers of perfect symmetry. Sepals and tube of Neyron rose. Medium upright bush. \$1.00 each.

GRAY LADY (Reiter, Jr.)—Double corolla of exquisite pale grayish blue cast fading to delicate lavender rose. Vigorous upright grower. \$1.00 each.

HIS EXCELLENCY (Reiter, Jr.)—A fine double purple with white tube and sepals. Medium to large globular flowers with rather fine small foliage. A must for the collection. \$1.00 each.

INNOCENCE (Reiter, Jr.)—A “near white” double flowered Fuchsia on a dense bushy plant. Semi-double medium sized flowers of glistening white petals and upturned sepals of pale rose to crimson at base and on tube. \$1.00 each.

NEW FUCHSIA INTRODUCTIONS—Continued

LACE PETTICOATS (Tiret)—Patent applied for. Proved to be the most popular introduction at our 1951 Fuchsia Merry Go Round. Double corolla of serrated petals of white faintly shot with palest blush. Large full flower, outspread white sepals. Is most white in the shade. Vigorous upright grower. \$1.00 each.

MRS. LAWRENCE LYONS (Introduced by Reiter, Jr.)—Double flowered trailer with rose magenta flowers which intensifies as the flower ages. \$1.00 each.

OLD SMOKY (Schmidt)—Large double old rose corolla with smoky cast and outspread sepals of flesh color. Somewhat pendulous branches. \$1.00 each.

ROYAL FLUSH (Hodges)—Very large single flower of royal purple petals, flesh colored at base and veining toward center. Tube and broad, long upturned sepals deep red. Flat open flower on medium tall upright grower. Very popular at our show. \$1.00 each.

SNOWBALL (Reiter, Jr.)—Huge double creamy white corolla and white sepals and tube with flush of pink at the base. Vigorous grower with good foliage. \$1.00 each.

SNOW FLURRY (Schnabel)—A trailing semi-double near white of medium size with rosy flush at base of tube and petals. Arching to pendulous growth. \$1.00 each.

TUTU (Reiter, Jr.)—Double flowered bushy growing variety excellent for pot culture. Large flat flowered corolla of pale Rhodamine purple flecked with pale violet. Spreading sepals are palest rose inside and greenish white outside. \$1.00 each.

VIOLETTA (Schnabel)—Large single bell-shaped flower of Bishop violet with light blotch at base of each petal. Ivory white recurved sepals. Vigorous upright grower. \$1.00 each.

PRICES OF ALL 1952 INTRODUCTIONS \$1.00 Each—Any 6 for \$5.00

Flying Cloud

Outstanding Varieties of Late Introductions

CRINOLINE (Reiter, Jr.)—Patent applied for. A large puffy double with tube and broad sepals of rosy white tipped green and the deeper colored double corolla of clear rose. \$1.00 each.

DU BARRY (Tiret)—Patent applied for. Double purple corolla with smaller outside petals of either flesh pink or heavily marbled. Tube and broad reflexed sepals of soft pink. Strong upright grower. \$1.00 each.

FLYING CLOUD (Reiter, Jr.)—Patent applied for. Double white corolla and sepals with the palest rose tinting. One of the stronger growing "all white" Fuchsias, and probably the best of its class to date. \$1.00 each.

LA BIANCA (Tiret)—Patent applied for. Single white corolla and short tube and long upturned sepals white tipped green. Medium grower. \$1.00 each.

PINK ELEGANCE (Niederholzer)—**TRAILER**. Tube and long upturned sepals of salmon pink on inside, flushed pink on outside. Bell shaped corolla of bright phlox pink. Very showy basket variety. \$1.00 each.

Trailing Fuchsias

For window box culture, hanging pots and baskets.

ABUNDANCE — Rose sepals, double pale Bishop corolla.

AMERICA (Niederholzer) — Single orange red corolla with long sharp pointed sepals, deep rose pink on outside, bright rose red on inside. Greenish white tips. Long thin tube, flesh tinted rose pink. Good grower and with a little training will make a fine hanging Fuchsia.

ANNA (Reiter)—Sepals, tube and base of petals strong carmine, very large double corolla of magenta. Vigorous growth and the largest flower of self color group.

Bouffant (See Page 6)

TRAILING FUCHSIAS—Continued

AUTUMNALE (Meteor)—Highly colored foliage of bronze and orange flowers, scarlet sepals and purple corolla.

BOUFFANT (Tiret)—Long single white corolla veined pink at base, short tube and long broad sepals deep red. May be grown as trailer. 75c each.

BLUE PENDANT (Brown)—Trailer in double pale blue corolla with reflexed pale rose tipped white sepals. Very fine. 75c each.

BUTTERFLY (Reiter Sr.)—Trailing single flowered glorified MURIEL. Self color with sepals and corolla of Rose Bengal and crimson. Corolla is very large and spreading.

CARIOCA (Schmidt) — Single spreading corolla with notched petal edge, large flowers of almost self rose color. Best as hanger.

CASCADE (Dr. Legan)—One of the finest trailers produced, good grower and fine foliage. Masses of large single blooms, long pointed sepals white flushed carmine and deep carmine corolla, spread of sepals usually about six inches.

CHRYSANTHEA—Basket type, very large double, sepals red and corolla purple.

COLUMBIA (Niederholzer) — TRAILER. Sport of AMERICA, identical in growth and flower except the long tube white and sepals outside slightly flushed pink.

FALLING STARS (Reiter Sr.)—Trailing. A glorified MORNING MIST. Tube and broad sepals of a pale carmine scarlet. Large corolla of deep brick orange red.

GALLI-CURCI—Large single flower; tube as long as corolla, sepals flaring and reflexed. Large oval bud of shell pink. Tube and sepals waxy shell pink, stained rose pink on reverse side. Petals pink suffused with violet pink. Habit is spreading and weeping. A vigorous grower; profuse and long blooming.

INCA MAIDEN (Schmidt)—Trailing, single corolla of violet blue, long narrow rose pink sepals. Medium sized flowers with free flowering habit.

JACK SHAHAN (Tiret) — Trailing single variety with long tube and sepals. The tube and pagoda shaped sepals are of the palest Rose Bengal and the petals of the same margined a deeper shade.

MARINKA (Red Cup)—Almost a self color with rosy scarlet corolla and crimson scarlet sepals. Semi-trailing but making a fine display when staked up to show the blooms.

MRS. VICTOR REITER (Reiter Sr.)—A long tubed single bicolor. Corolla a pure crimson fading to white at base. Slender sepals and long tube of creamy white.

MELODY (Reiter Sr.) — Beautiful single flowered Fuchsia of soft pastel shade. Large flowers with the corolla of pale Cyclamen purple and recurved sepals of pale Neyron rose. With training might be developed as a hanging type .

MRS. RUNDLE—Very long tube and very long pointed sepals of flesh color, with vivid orange corolla. A real beauty.

TRAILING FUCHSIAS—Continued

MISS CALIFORNIA (Hodges)—Single to semi-double white with faintest pink glow inside corolla. Short tube and long broad pointed upturned sepals of medium pink shaded deeper pink. Very fine in a hanging basket.

MRS. W. H. WARE (Hazard & Hazard)—Sepals long reflexed white flushed pink, corolla blue violet, pink at base changing to beautiful red violet in aging flowers.

MURIEL—Scarlet sepals, large single twisted petals of rosy lilac. Fine.

NIOBE (Reiter, Jr.)—A good typical trailer of CASCADE type. Large semi-double corolla of the most intense Tyrian rose and the long spreading sepals of very pale rose, almost white.

PINK ELEGANCE (Niederholzer) — See page 5.

PROCUMBENS—New Zealand. A trailing variety with tiny leaves and short orange tube with reflexed purple sepals, no corolla. Blue stamens. Fine for the rock garden in the shade. Red fruit.

RED SPIDER (Reiter Sr.)—Spidery flowers have a long tube and exceedingly long narrow sepals of deepest crimson and long pointing petals of deep rose madder veined and margined deep crimson. A very good trailer.

ROULETTE (Reiter Jr.).—Patent applied for. A semi-trailing with brilliant double flowers of intense rose madder petals marbled pale rose at base. Sepals are pale rose fading to white at base.

SAN FRANCISCO (Reiter Sr.)—Trailing type. A rather thick translucent tube and the sepals are a pale carmine rose in the inside and carmine rose on the outside. Large single corolla of pure deep orange red.

SHARON (Tiret)—Semi-trailer with large double corolla of Rose Bengal splashed with geranium lake. Reflexed sepals of palest scarlet.

STREAMLINER (Tiret) — Patent applied for. Long semi-double corolla of deep crimson and extra long twisted and curved crimson sepals. Very showy as a trailer. \$1.00 each.

SWINGTIME (Tiret)—Double milky white corolla with slight pink veining at base. Tube and short upturned sepals shiny red. Good branching habit which should make a good basket type. 75c each.

TRAIL BLAZER (Reiter, Jr.)—Patent applied for. Double trailer of the Anna type—deep magenta corolla and sepals of slightly paler shade. Extra good hanging basket type. \$1.00 each.

VALENTINE (Reiter)—Large semi-double with white tube and sepals slightly flushed rose. Spreading corolla of deepest Imperial purple fading lighter at base. Extra good. See page 21.

UTOPIA—Willowy grower, very large single, sepals extra wide spreading, corolla white suffused pink, veined red serrated.

WILLIAM BRAAS (Tiret) — Double rose madder corolla and upturned white sepals flushed pale pink. Good trailer and may be called a very fine double cascade.

Single Flowered Fuchsias

Uncle Jules (See Page 22)

ANTIGONE—Large loose growing plant with gorgeous single flowers of waxy white sepals and deep orange pink corolla. Individual in form and color of flowers.

APRIL—Dwarf, compact habit with bright red sepals, single violet corolla.

AURORA SUPERBA—Sepals and tube of light orange apricot, corolla of deep orange peach. One of the very fine importations of a few years ago.

BEAUTY OF SWANLEY (Villa Hebe) — Very soft rose corolla and long pointed white sepals very lightly tinted pink. A fine variety.

BLUE BONNET (Hodges)—Single flaring corolla of light blue deepening to purple blue with long broad upturned sepals to bright red.

BLUE MOON (Niederholzer)—Large single deep blue purple corolla and red sepals.

BOLIVIANA (Brazilien-sis) — Bolivia. Standing more sun and heat, tall growing, free blooming over the summer, with clusters of long thin flowers of scarlet red.

CARDINAL—Giant single scarlet red flowers in profusion on very tall vigorous grower.

Fanfare (See Page 10)

SINGLE FLOWERED FUCHSIAS—Continued

Pacifica (See page 19)

CHANG (Oriental) (Hazard & Hazard)—

Single, floriferous. Coloring and form suggest the Orient. Tube and back of sepals tinted with same color. Inside of sepals is almost white. Petals are delft rose; sometimes scarlet, frequently a blending of scarlet and pomegranate purple.

CHAS. ABRAHAM—Upright single medium size flower, sepals red and corolla purple.

CLAIRE DE LUNE (Moonlight)—Broad leaves similar to MONTEREY. Long narrow blooms of salmon-orange, corolla flaring out at the end of tube.

CORYMBIFLORA ALBA — Peru. Tall growing like preceding with long thin white tube and sepals and short deep red corolla.

COUNTESS OF ABERDEEN (Schneewitschen)—A gem in the Fuchsias with small pale pink, sometimes white corolla, with white tube and sepals.

Erecta Novelty (See Page 10)

SINGLE FLOWERED FUCHSIAS—Continued

DIANE (Hazard & Hazard)—A generous bloomer with a corolla of cameo pink and the sepals and tube a waxy white.

ERECTA NOVELTY—Single white and light pink, corolla margined with rose. Flowers erect.

FANFARE (Reiter Sr.)—Very large trumpet shaped flower with an amazing rich coloring. Exceptional vigor and fine foliage. The long narrow tube and sharply pointed sepals of a varnished turkey red. The large flaring corolla is of pure scarlet.

FLAME—Single ivory and brilliant orange.

FULGENS—Mexico. Large hairy light green leaves with orange vermillion corolla, orange-pink tube with green tipped sepals.

GAY SENORITA—Single bell shaped corolla deep lilac flushed rose with distinct light border edging the petals. Sepals long and spreading, deep rose red. Good grower and free flowering.

HARLEQUIN (Hazard & Hazard)—Unusual with rose red sepals, long slender curled and twisted (pinwheel-like) with corolla of madder violet much striped with rose red, base of petals rose red.

HARMONY (Niederholzer)—Light geranium lake sepals and single rose Bengal corolla.

HEAVENLY BLUE—Upright large single pale pink long narrow sepals rolled up, corolla pale blue.

HENRI POINCARE—Long violet blue corolla and pointed red sepals. Very fine.

HERON—Very large corolla of blue purple flushed carmine at base, broad scarlet sepals with deep crimson on reverse. Very fine medium grower.

ISIS—Mexico. Medium height, with small glossy blue-green foliage and a mass of tiny bright crimson flowers.

JUNE CAROLYN (Evans & Reeves)—Long single flowers with corolla of coral blended with carmine and orange pink sepals. Tall grower with fine foliage.

LA BIANCA (Tiret)—See page 5.

LIEBESFREUD—Upright single flowers, sepals pale ivory, inside faint pink, corolla pale imperial purple.

LITTLE BEAUTY—Dwarf compact bush, very free flowering with lavender blue corolla changing to rosy lavender, deep pink sepals.

LOS ANGELES (Evans & Reeves)—Beautiful long single flowers of waxy coral apricot and petals of deep orange suffused with vermillion.

LUCIENNE BREVAL—Single long slightly twisted corolla of white delicately shaded rose. Long pointed softly tinted sepals.

MME. AUBIN—Vigorous grower with deep orange pink corolla and soft salmon sepals.

Melody (See Page 11)

SINGLE FLOWERED FUCHSIAS—Continued

MACROSTEMMA ALBA—Chile.

Tall upright growing variety with small leaves and small blooms of almost pure white in both corolla and sepals. It has the faintest lilac flush to the flower.

MAGELLANICA GRACILIS—

Peru and Chile. Strong growing, almost climbing in habit. Small narrow leaves and small thin flowers with narrow red sepals and short purple corolla.

MAGELLANICA GRACILIS VARIEGATA—

Flowers same as Gracilis above with silvery white variegated foliage.

Macrostemma Alba

MAXINE ELIZABETH (Tiret)—Single bell

shaped corolla nearly white at base, deepening to rose-red toward orange-flushed petal edges. Long, upright sepals flushed pink on outside, salmon pink on inside. Strong upright grower with large flowers.

MORNING GLORY (Niederholzer) (Waltz

Gardens)—Single cup shaped corolla of clear orchid pink, white tube and sepals of pale pink. Free blooming and bushy grower.

MRS. J. D. FREDERICKS (Evans & Reeves)

—Fast growing plant with masses of dainty salmon pink blossoms. Should be allowed to grow into a large spreading specimen.

MRS. W. P. WOOD (W. P. Wood)—Imported

from England by Reiter Jr. Small flowered pale rose nearly white. Single flower with great vigor in growth.

MU LAN (Hazard & Hazard)—A healthy

strong growing Fuchsia, naturally producing a tall well formed bush. Good foliage and very floriferous. Single corolla of creamy white veined light rose red with four large petals with edges picoteed. The long sepals light rose red inside, waxy dark rose outside. Much recurved.

MAZDA—Large single of crisp, deep carmine, spreading corolla and gracefully recurved sepals. A prize winner.

MELODY (Reiter Sr.)—Beautiful single flowered Fuchsia of soft pastel shade. Large flowers with the corolla of pale Cyclamen purple and recurved sepals of pale Neyron rose. With training might be developed as a hanging type.

MINUET—Very floriferous in brilliant red sepals and purple single wide open corolla. Upright growth.

MISS CALIFORNIA (Hodges)—See page 7.

MONTEREY—Bright orange pink short corolla, narrow and sharply pointed sepals of soft pink delicately shaded orange. Broad leaves.

SINGLE FLOWERED FUCHSIAS—Continued

MURIEL EVANS (Evans Gardens) — Medium sized single flowers, sepals and petals of rich scarlet.

OREGON TRAIL (Hodges) — Single hoop skirt corolla of light amparo purple veined rose red; tube and sepals are crimson. Medium spreading grower.

OTHERFELLOW (Hazard) — Small single flower with very soft rose shading to white at base. Waxy white tube and sepals.

PAMELA — Single open carmine rose corolla, soft pink sepals tinted carmine.

PASTEL (Reiter Sr.) — Short tube and broad sepals of pale Neyron rose. Single corolla of old rose shaded lilac.

PEBBLE BEACH — Large single dark purple corolla, with tube and upturned sepals of pale rose madder. May be used as trailer.

PERIWINKLE (Hodges) — Long single corolla of lavender blue, long recurved pink sepals. Can be used as a trailer. 75c each.

PLEROMET (Niederholzer) — Tall upright growth with sepals of Turkey red rolling up and single corolla of very dark violet. 50c each.

PRIMA DONNA — A perfect form flower with single very large white corolla and very pale pink sepals. A beautiful Fuchsia.

Mrs. J. D. Fredericks (See page 11)

SINGLE FLOWERED FUCHSIAS—Continued

PURPLE SAGE (Hodges)—Single saucer shaped deep purple corolla opening perfectly flat with recurved deep red sepals. Medium grower and may be used as trailer. 75c each.

RED SAILS—Double soft pink; long and broad sepals deep red. Sepals twist and curl in peculiar fashion, exposing the large corolla. Strong, willowy grower.

RED SPIDER (Reiter Sr.)—Spidery flowers have a long tube and exceedingly long narrow sepals of deepest crimson and long pointing petals of deep rose madder veined and margined deep crimson. A very good trailer.

REFLEXUS—Small bushy plant with tiny flowers of orange scarlet and reflexed red sepals.

ROSE OF DENMARK—One of the best with corolla of pale rose shading to deeper rose at edge of petals, reflexed pale blush sepals.

SAN FRANCISCO (Reiter, Sr.)
—See page 7.

SERAPHINE—Large single wide spread corolla of dark cyclamen purple and upright sepals of deep pink. Distinct.

SERRATIFOLIA—Peru and Chile. Long tube white tinted carmine shading to green at tips of sepals, deep orange pink corolla shading to carmine at base.

SOUTH PACIFIC (Hodges)— Large saucer shaped single corolla of white petals veined deep pink, opening perfectly flat, broad upturned crimson sepals. Upright bushy grower.

STARGAZER (Reiter Jr.)— Small bushy plant with upright flowers. The tube and sepals are pale rose madder and petals are rose madder heavily margined and marbled at their base with Imperial purple. An excellent pot plant.

SUEY HO—Single white corolla with rose veins at base, white green tipped sepals flushed rose. Dwarf.

SUMMER SKIES (Niederholzer)—A single medium sized flower with corolla of clear pale silver blue. Tube and upturned sepals of pale rose. A good continuous bloomer of medium growth. 75c each.

SUNRAY—Ornamental variegated foliage, silvery white and green. Rosy purple corolla and salmon sepals.

SUNSET (Niederholzer)—Single open saucer shaped flowers of deep salmon orange.

San Francisco (See Page 7)

SINGLE FLOWERED FUCHSIAS—Continued

SYMPHONY—Single pale orchid pink with white sepals tinted pink.

THYMIFOLIA—Mexico. Minute flowers in profusion with tiny crimson sepals and petals. Tube of lighter shade. Prominent white stamens. One of the smallest flowers of the group.

THE DOCTOR—Deep pink to deep rose corolla with long pointed sepals of soft salmon pink. Very fine and showy.

VENUS VICTRIX—Small very distinct type with deep violet blue corolla and white sepals delicately tinted pink.

VIVIEN LEE—Single soft coral pink corolla—sepals soft carmine tipped green. 50c each.

Triphylla Hybrids

CORALLE—Large clusters of rich orange salmon flowers. Blue green leaves.

GARTENMEISTER BONSTEDT—Flowers glowing brick red with orange shading. dark bronze red foliage.

LEVERKUSEN (Triphylla hybrid)—Large single flowers with rosy salmon corolla and sepals. Free flowering. Very fine.

TAUDESCHEN BONDSTEDT—Long tubular flowers in clusters of pale salmon pink color.

THALIA—Bronze green foliage and long orange scarlet sepals and short orange red corolla. Tall upright growth.

TRUMPETER (Reiter Jr.)—Short single corolla orange red, very long thick tube and short sepals pink. Good grower, free blooming.

HANGING POTS

We are happy to be able to offer hanging pots, without plants, complete with wires for hanging up in the following sizes:

8 inch pots at.....	\$1.00 each
10 inch pots at.....	\$1.35 each
(10-inch size usually used for Fuchsias)	
12 inch pots at.....	\$2.00 each

Other Berkeley Horticultural Specialties

CAMELLIAS

Besides our collection of America's Finest Fuchsias we have been building up a large assortment of Camellias and we now offer over 200 varieties, a long list of the most popular as well as the more unusual.

Fuchsia, Boliviana (See Page 8)

Double Flowered Fuchsias

Abbey Farges

ABBEY FARGES—Tall upright growth with masses of medium sized flowers, the corolla a silvery lilac and deep pink sepals.

ALFRED RAMBEAU—Double violet purple corolla and scarlet sepals.

ANNA (Reiter)—Sepals, tube and base of petals strong carmine, very large double corolla of magenta. Vigorous growth and the largest flower of self color group. See color plate, page 16.

AUNT JULIANA (Hanson)—A pale lavender blue sport of UNCLE JULES. A fine addition to the blue group of Fuchsias.

BERNADETTE (Schnabel)—Descendant of WONDER BLUE and WINSTON CHURCHILL. Upright plant with pale rose sepals and double corolla of Veronica blue.

BERTRADE—Large double white flushed pink, red sepals.

BEWITCHED (Tiret)—Patent applied for. Double deep violet purple corolla, tube and outside of sepals white, inside flushed pale pink. Large flowers and will make an excellent hanger. \$1.00 each.

BLUE GOWN—Deep blue corolla, light carmine tube and sepals. A fine variety.

BLUE PENDANT (Brown)—Trailer in double pale blue corolla with reflexed pale rose tipped white sepals. Very fine. 75c each.

BUFFON—Corolla blush white with scarlet sepals.

CAMELLIA—Large double white with spreading petals flushed cerise and crimson sepals.

CAMEO (Schnabel)—Low bush with pale rose madder sepals and semi-double corolla of a shade lighter. Good pot plant.

Camellia (See Page 15)

DOUBLE FLOWERED FUCHSIAS—Continued

CITY OF PORTLAND (Schnabel)—A large flower with broad carmine sepals and a corolla of PETUNIA PURPLE somewhat marbled with light carmine.

CLARION (Reiter Jr.)—Upright grower with double deep rose-bengal corolla and recurved sepals of pure crimson.

COLLINGWOOD—Upright large double sepals pale pink, corolla perfectly white.

COMMANDER-IN-CHIEF—Probably the largest red-and-purple. Tall grower. Popular.

CONSTANCE—One of our own hybrids from Pink Pearl, and one we very highly recommend. Same upright habit with double blue shaded pink corolla and soft pink petals. Very free blooming.

CRESCEDO (Reiter Sr.)—Double flowered with the outer one-third of corolla Peony purple and the margins and lower two-thirds are Turkey red. Sepals are Turkey red. Shrubby upright type of good growth and continuous bloom. The most red double Fuchsia.

CRINOLINE (Reiter Jr.)—Patent applied for. A large puffy double with tube and broad sepals of rosy white tipped green and the deeper colored double corolla of clear rose. \$1.00 each.

DON PERALTA (Tiret)—Very large flower of semi-double corolla of deep carmine red similar in color to ANNA. Vigorous, upright grower. 75c each.

Anna (See Pages 5 and 15)

DR. JOHN GALLWEY

(Reiter Sr.)—The flowers of this variety are exceptionally large with a full double corolla of a rich creamy white veined at the base with rose madder. The sepals are broad and large pointing upward and outward from the corolla of the pure rose madder throughout.

DR. JULES WELCH

(Evans)—A very crisp double flower with petals marbled purple, magenta and rose. Rose sepals. Low bushy grower.

DU BARRY (Tiret)—

Patent applied for. See page 5.

DOUBLE FLOWERED FUCHSIAS—Continued

ECSTACY (Tiret)—Double corolla with inner petals of hyacinth blue and the outer the same splashed with Phlox pink. Broad Neyron rose sepal. Large flower and an excellent grower.

ELECTRA — Upright large double, sepals red, corolla palest pink almost white veined rose. 50c each.

ENCHANTED (Tiret)— Patent applied for. Large double campanula blue corolla, outer petals overlaid with fuchsia pink, all petals edged with pale lilac line, rose-red sepals. Good upright grower. \$1.00 each.

FASHION (Niederholzer) (Waltz Gardens) —Semi-double corolla of deep violet margined and overlaid with mauve and rose, white tube with rose sepals.

FLIRTATION (Leitner)—Sport from Lucky Strike. Tube and long reflexed sepals of pale rose madder with petals evenly tinted with the palest Petunia purple.

FLYING CLOUD (Reiter Jr.)—Patent applied for. Double white corolla and sepals with the palest rose tinting. One of the stronger growing "all white" Fuchsias, and probably the best of its class to date. \$1.00 each.

Fuchsia Crinoline (See Page 16)

GENERAL ROBERTS (Phenomenal) — Large rich plum purple corolla streaked carmine at base, reflexed scarlet sepals.

G. MONK—Compact grower, fine for pot culture. Fine blue corolla and deep pink sepals.

GRENADIER—Long pointed scarlet sepals and full double violet corolla. Very large.

GUS NIEDERHOLZER (Niederholzer) — A large double flower of veronica blue. Long upcurved sepals of carmine. Scalloped petals open bell fashion and fade to beautiful shade of orchid. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

GUINEVERE—Single to semi-double, long corolla a beautiful shade of blue; tube and long, broad, spreading sepals white, flushed pink on underside. Strong, spreading growth, good foliage. Most attractive flower. 75c each.

GYPSY QUEEN—A very fine Fuchsia. Enormous flowers with deep crimson sepals and rosy mauve white line around edge of each petal, scarlet sepals.

HOLLYDALE (Fairolo)—Sport of Winston Churchill. The corolla is clear magenta but is same free branching and profuse blooming habit.

JOHN McLAREN (Hazard & Hazard)—Large semi-double flowers with nicely shaped spiral tight corolla of light hysop violet, sepals very heavy waxy texture, lacquered red outside and much lighter color inside. Both foliage and flowers of heavy waxy texture.

JOAN OF ARC (Reiter Jr., 1947)—This variety is of a clearer white than Ave Maria, and is of better form with larger more double flowers. Plant differs in its looser, softer habit of growth, which makes it suitable for pillar or espalier work. Cool conditions are essential to its successful culture.

JULES DALOGES—Corolla rich violet tinted red, very large double, reflexed scarlet sepals.

JULIETTE ADAMS—Tall upright grower with white and red streaked flowers and scarlet sepals. A fine variety.

KITTY O'DAY (Hazard and Hazard)—Very double. Tube and sepals rose red. Corolla white washed and veined rose red. Petals beautifully cupped or rolled in edges, rose-like.

LENA—Double rosy blue corolla with colored petals.

LUCKY STRIKE—An unusual colored Fuchsia in rather striking combination of blue-purple-pink and gray tones. Globular in form and quite double.

MADAME DANJOUX—Fine double white heavily suffused carmine, red sepals.

MERLE HODGES (Hodges)—Large double fluffy corolla of soft powdery blue, lightly veined and outside petals flushed pink. Broad upturned sepals of rosy red. Low spreading bush. May be used in hanging basket.

MISS PRIM—Large semi-double with petals of deepest Imperial purple fading to lighter shade. Sepals carmine.

MME. J. FEUILLET—White heavily flushed pink with deep pink sepals. Very large.

MOLESWORTH—Full double snowy white, scarlet sepals.

MOTH BLUE (Tiret)—Double corolla of deep lilac blue, short tube and long broad upturned red sepals. Strong upright grower.

MRS. DESMOND (Introduced by Hazard & Hazard)—Large flowers, sepals rose red inside, darker outside. Corolla light amparo purple exquisitely veined.

MRS. GLADSTONE—Very large double white veined crimson, bright clear pink sepals. One of the best.

NEW HORIZON (Reiter, Jr.)—A large double corolla of crispy light blue petals and pale rose sepals. A delicately colored flower of good quality. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

PACIFICA (Niederholzer)—Extremely floriferous with the crimson upright sepals slightly twisted. A single and semi-double corolla of orchid purple lighter at the base and darker on edges with fine crimson veins.

PACIFIC GROVE (Niederholzer, 1947)—Very fine double flowers with bishop violet corolla and smaller pale crimson petals outside merging into darker crimson, leathery upright sepals, upright to 8 feet; a very strong grower.

PATTY EVANS (Evans & Reeves)—A vastly improved Rolla of which it is a seedling. The plants are extremely vigorous, growing to a height of 5 to 6 feet with large double flowers with corolla white.

PICOTEE (Schnabel) — Semi-double medium sized corolla and deep violet and pink petals—serrated outer edges, tube is ivory pink and thick sepals are deeper pink. Medium bushy grower. 75c each.

PINK BALLET GIRL—Large blue pink corolla with white flushed carmine sepals. Very fine and very free blooming.

PINK PEARL—A real beauty in a tall upright plant with masses of clear double pink flowers and light pink sepals. A favorite with us. See page 20.

PINK PERFECTION (Niederholzer, 1947)—A beautiful medium size plant. Double flowers of pale pink corolla and dark pink upright sepals. Will trail.

PRIDE OF EXETER—Long corolla with large broad petals of deep rose lightly suffused violet. Long pointed reflexed sepals of light rose. Tube white shaded pink.

PUGET SOUND (Hodges)—Double milky white corolla overlaid pink, all veined pink at base; tube and broad upturned sepals rosy red. Can be used as trailer.

Constance (See Page 16)

REITER'S GIANT—Double petunia purple, carmine sepals. Free flowering for such a very large flower, even in the warmer sections.

REVERIE (Reiter, Jr.)—Medium sized double with waved petals and recurved sepals of pale rose. Bushy growth and a beautiful Fuchsia. 75c each.

ROSEMARYE (Niederholzer)—Exquisite, very pale purplish corolla, slightly irregular in form. Pale ivory tube and sepals.

ROSE MAUVE (Schnabel)—Double corolla of clear mauve, rose sepals on a medium growing plant. Good for pot culture.

ROYAL PURPLE—Corolla most intense vivid purple, tube and sepals scarlet. Very showy.

DOUBLE FLOWERED FUCHSIAS—Continued

RUBEO (Tiret, 1947)—Vigorous bush with large rugose foliage. Corolla ranging from deepest rose bengal on the center petals to deep crimson on the outer petals. Color intensity is heightened with flecks of marblings of geranium lake. Pale carmine tube and carmine sepals.

SAN MATEO (Niederholzer)—Very large double victoria violet corolla with Fuchsia pink splashes. Leathery pink calyx. Fine hanger. 75c each.

SAN PABLO—A sport of SAN MATEO; of more trailing habit. Orchid colored corolla with rose pink sepals.

SANTA CRUZ (Tiret)—Deep crimson sepals and corolla. A fine upright grower.

SANTA MONICA (Evans Gardens)—Very large double flowers, bright red sepals, white petals changing to pink and veined cerise. Vigorous. See back cover.

SCABIEUSE—A fine French importation with deep blue purple petals shaded lighter at the base, red sepals.

SEVENTEEN (Reiter, Jr., 1947)—An entirely new double self-colored Fuchsia of a real rose shade. The petals of the large double flower and the thick recurving sepals are clear rose madder.

SILVIA (Schnabel)—
Semi-double corolla with the most white petals and sepals of clear light rose. Strong grower.

STELLA MARINA
(Schnabel)—Semi-double huge flowers of violet blue marked crimson, long recurved crimson sepals. Large grower with abundant blooms. 75c each.

STORM KING—Elongated and inflated bud of bright scarlet tube and sepals, corolla double waxy white with crimson veins at base of petals.

Pink Pearl (See Page 19)

**DOUBLE
FLOWERED
FUCHSIAS**
Continued

SUSAN (Niederholzer)

— Double corolla of pale blue and violet splashed mauve. Tube is ivory white with sepals of pale rose.

SWINGTIME (Tiret)—

Double milky white corolla with slight pink veining at base. Tube and short up-turned sepals shiny red. Good branching habit which should make a good basket type. 75c each.

Seventeen
(See Page 20)

Valentine (See Page 7)

DOUBLE FLOWERED FUCHSIAS—Continued

THERESA—Double soft violet-blue corolla, soft pink recurved sepals. Dwarf.

TITANIC (Reiter Jr.)—Double corolla ranges from carmine at base of petals to deep petunia purple toward the edges which have a light “bead” margin. Short carmine tube and thick recurved carmine sepals. Will trail.

THE DOWAGER (Reiter Jr.)—A huge double flowered blue purple corolla, tube and sepals magenta red, with the size of flowers and the mass produced, easily one of the best of its class.

TREASURE (Niederholzer)—Fine upright growth with plenty of flowers. Very pale orchid double corolla of large size; calyx Neyron rose. One of the best.

UNCLE CHARLEY (Tiret)—Semi-double lilac lavender corolla, tube and broad sepals rose red. Strong growing and should espalier well.

UNCLE JULES (Reiter Jr., 1947)—Double violet blue, sepals crimson. Foliage is small and thick and the growth scandent. Giant double of fine “blue” coloring. Will trail.

VICTORY (Reiter Sr.)—A semi-double that rates at the top of the list. The very large flowers appear as a crimson self. The corolla, long incurved type, is of a solid rose madder.

VIENNA (Niederholzer)—Double corolla with long scalloped petals of soft lilac blue splashed with pale rose and Bengal rose. The tube and long recurved sepals of Bengal rose. Vigorous upright grower.

VIOLET GEM—A large semi-double flower of exceptional beauty with short stem and upcurved sepals of carmine, the petals are wide spread of deep violet with just a touch of carmine at base of flower. 75c each.

WEDGWOOD (Schnabel)—A new blue and white double, with near white tube and long glistening sepals and spreading double corolla of blue violet. Bushy upright growth. 75c each.

WHITEMOST—Single white, sepals light pink. Strong grower, very free blooming. Easy to grow—one of the finest Fuchsias.

WINSTON CHURCHILL—Double corolla magenta pink, shaded blue, upturned sepals rose pink. Strong medium high grower. Good sized flowers and a continuous bloomer.

WONDERBLUE (Niederholzer)—Very double real blue corolla. Phlox pink salyx. All petals are distinctly scalloped. A fine upright grower.

YULETIDE—Large double white corolla and crimson sepals. Strong grower. Espaliers nicely.

TUBEROUS BEGONIAS

We offer bulbs of these up until the end of March in the following types: Camellia, Carnation, and Trailing type at 30c each or \$3.00 dozen in 1½- to 2-inch bulbs and 20c each or \$2.00 dozen in 1- to 1½-inch bulbs.

Note:

Trailing Fuchsias grown in hanging pots should be cut back severely each spring before growth begins, to promote new growth from the crown. Fertilize during the growing season each 5 or 6 weeks for best results with a good nitrogen fertilizer.

Azaleas

We are proud of our wonderful Azalea collection and besides the following types and varieties we have many others in smaller quantity. All are well grown plants in blooming size.

INDICA TYPES

ALBERT AND ELIZABETH—Double soft rose with white center. 4-inch pots \$1.00; 6-inch pots. \$1.50 up.

BLUSHING BRIDE—Double soft rose. 4-inch pots \$1.00; 6-inch pots \$1.50 and \$2.50.

ERIE—Double soft rose with white edge. 4-inch pots 75c; 6-inch pots \$1.25 and \$1.50.

ETOILE DE BELGIQUE—Large single red. 6-inch pots \$1.25.

FRED SANDERS—Double bright rosy red. 4-inch pots \$1.00; larger, \$1.75 and \$3.00.

GOLDSWORTH RED—Semi-double bright orange red. 4-inch pots 75c; 6-inch pots \$1.75.

LOUIS VAN HOUTTE—Double red. 6-inch pots \$1.50.

MADAME CHARLES VUYLSTEKE—Double bright scarlet red. 4-inch pots \$1.00.

MISS COTTAGE GARDENS—Double crimson. 4-inch pots \$1.00; 6-inch pots \$1.50.

NIOBE—Large semi-double white. 4-inch pots 75c; 6-inch pots \$1.75.

PAUL SCHAME—Large deep salmon pink. 4-inch pots 75c; 6-inch pots \$1.25 up.

PINK PEARL—Double soft pink. 4-inch pots 75c; 6-inch pots \$1.50.

PRES. OSWALD DE KERCKHOVE—Pink and white. 75c, \$1.25, \$1.50.

SNOWDRIFT—Large semi-double white. 4-inch pots 75c; 6-inch pots \$1.75.

THE BRIDE—Large double white. 4-inch pots \$1.00; 6-inch pots \$1.50 and \$2.00.

VERVENEANA ALBA—Large semi-double white with green tip. 6-inch pots \$1.25 and \$2.50; 4-inch pots 75c each.

Azalea Paul Schame

WILLIAM VAN ORANGE—Large ruffled orange red. 4-inch pots \$1.00.

KURUME TYPES

APPLE BLOSSOM—Single soft blush. 6-inch pots \$1.75.

HEXE—Hose in hose red. 4-inch pots 75c; 6-inch pots \$1.25 up.

HINODIGIRI—Single bright red. 4-inch pots 75c; also larger sizes.

LAUGHING WATER—Medium large single white. 6-inch pots \$1.25.

ORANGE CORAL BILLS—Single deep orange red. 4-inch pots 75c.

SWEETHEART SUPREME—Single soft pink with rosebud-like buds. 4-inch pots 75c.

SWEETBRIAR—Small clear pink. 6-inch pots \$1.00.
